Paul had a big heart and loved to make people laugh. He was an amazingly gifted fisherman, deer hunter, maple syrup harvester, and one of the best scone makers in M'Chigeeng. He enjoyed cooking, smoking fish, playing fastball, working on carpentry projects with his Dad, and doing anything outdoors. He was the kind of guy that would do anything for his family and friends.

He had many jobs in construction and especially enjoyed his role as a tour guide at Great Spirit Circle Trail. Paul loved to share his knowledge and gifts with others and was often asked to provide teaching demonstrations with various community organizations. Most importantly, Paul's pride and joy were his two 'lil men,' Rydell & Tayt, whom he loved with all his heart. Paul will be missed by many family and friends, his memories will live on in the hearts of everyone.

Family and friends will gather at
